On August 1, 2017, the El Dorado County Assessor's Office provided Kab a list of Buyer's and properties approved for Proposition 90, and there were 220 properties approved since EDCAR had analyzed the prior list of approved properties received on May 31, 2016. Of the 220 properties, 132 were posted in the local Metrolist Multiple Listing Service (MLS), in which EDCAR is a participant.

Potential reasons 88 approved properties were not posted in Metrolist MLS:

- Tract Home Development where project has on-site sales office
- For Sale By Owner
- Trustee / Court Ordered / Auction Sales
- Second Home placed on an existing property, no sale involved
- Home constructed on a vacant parcel purchased prior to May 31, 2016
- Homes are located in the South Lake Tahoe basin, in which case they might be posted in the South Lake Tahoe MLS System
- Other

06/17 \$499,900	07/17 \$486,500		

EDCAR performed a Survey of Listing Agents in which their client, the Seller, sold a home to a Buyer that purchased the home under the Prop 90 program.

Survey Question 2 identified 76 of the 93 Sellers had lived in the home as their personal residence, and Survey Question 3 identified that 20 of the Sellers subsequently purchased another home in El Dorado County. Below are the addresses of the 20 sold properties; look up whether they used Prop 60 for their purchase home.
